Statement of Purpose

Modern Psychological Studies (MPS) is a psychological journal devoted exclusively to publishing manuscripts by undergraduates. We are continuously seeking quality manuscripts for publication. MPS will consider manuscripts in any area of psychology. Although we are primarily interested in results from experimental research, we are also interested in theoretical papers, literature reviews and book reviews. MPS is currently published biannually.

MPS is edited exclusively by undergraduate students. We strive to make the journal submission process a learning experience and to encourage quality research. By placing the journal in the hands of undergraduates, we at MPS wish to emphasize to fellow undergraduates that:

We are capable of doing meaningful quality work and of communicating that work to interested students and professionals. We are capable ourselves of directing the meandering focus of the psychological profession.
